

FIG. 1

Diagram illustrating a table structure (200) with two columns: ROW and PAN__INFO. The table contains four rows of data. Below the table, two labels (201 and 202) are positioned under the PAN__INFO column, with arrows pointing to the first and second rows respectively.

| ROW | PAN__INFO |
|---------|-------------|
| spsi_pc | id_bus_cell |
| spsi_pc | id_bus_pda |
| spsi_pc | id_per_cell |
| spsi_pc | id_per_pda |
